

## ■ Chapter 7 Checklist: Monitoring, Evaluation, and Feedback

Answering these questions will help stakeholders review their current SHSP monitoring, evaluation, and feedback processes and identify opportunities for improvement.

- Does your State have procedures for monitoring and evaluating the SHSP? Who is responsible?
- What tools do you use to assemble and analyze data? To create reports?
- Do you utilize performance measures? Are they clearly linked to or derived from SHSP objectives?
- Are performance measures tied to future program funding? If so, how?
- What procedures are in place for ongoing SHSP update and revision? Who is responsible for leading the effort? Who participates?
- What data are used to update or revise the SHSP?
