Dear Mr. Cole:

On February 27 an acceptance letter was sent to you, numbered SS-115, which found the following systems acceptable for use on the National Highway System:

- 1) Northwest Pipe POZ LOC S-Q Post TM Sign Support System
- 2) PozLoc Sign Support System with extended anchor for use in weak soils.
- 3) PozLoc Breakaway Mailbox Support System for snow regions.

Please note that we have found it necessary to revise the designation of that letter to "SS-119."

I apologize for any inconvenience, and I appreciate your understanding.

Sincerely yours,
