

Laboratories with Experience in Testing Roadside Safety Hardware*
Revised June 1, 2010

Calspan Corporation

P.O. Box 400
4455 Genesee Street
Buffalo, NY 14225
<http://www.calspan.com>

Contact: Mr. David Travale
Phone: (716) 631-6920
FAX: (716) 631-6843
David.Travale@Calspan.com

Accreditation:

[In process. Expected April 2010]

E-Tech Testing Services, Inc.

3617-B Cincinnati Avenue
Rocklin, CA 95765

Contact: Mr. John LaTurner
Phone: (916) 645-8188
FAX: (916) 645-3653
john.laturner@quixotecorp.com

Accreditation: ISO/IEC 17025:2005
A2LA Certificate 0989-01

Federal Outdoor Impact Laboratory **

Turner Fairbank Highway Research Center
6300 Georgetown Pike
McLean, VA 22101

Accreditation: ISO/IEC 17025
SWEDAC Ackreditering 1132

* Some agencies may not have the capability to conduct all MASH tests. Laboratories conducting crash tests according to NCHRP Report 350 or the AASHTO Manual for Assessing Safety Hardware after September 24, 2009, must be accredited to ISO 17025 if the reports are to be submitted to the FHWA for acceptance purposes. Safety hardware developers are advised to discuss accreditation status with test houses they contact.

** Testing usually limited to State- or FHWA-sponsored research.

This list is provided by the Federal Highway Administration for information only and does not imply an endorsement of any individual test facility. Facilities are listed in alphabetical order.

This list is available on the Internet at:
http://safety.fhwa.dot.gov/roadway_dept/policy_guide/road_hardware/laboratories/
