

### *Key Integration Strategies – HSIP*

- Program HSIP funding to implement strategies aligned with the SHSP emphasis areas.
- Familiarize the SHSP team with the HSIP Manual.
- Participate in FHWA’s HSIP Assessment Toolbox.
- Identify the infrastructure-related emphasis areas in the SHSP.
- Develop policies and procedures to ensure the SHSP is considered during project prioritization.
- Encourage a systems approach for implementing proven effective countermeasures.
- Engage safety stakeholders and other partners to ensure more comprehensive and effective multidisciplinary solutions.
- Train local governments, MPOs, and consultants in safety analysis techniques and countermeasure selection.
- Use the SHSP process to review and evaluate the safety impacts of projects proposed by DOT Districts.
- Reserve funds specifically for projects that align with the SHSP.
- Mainstream safety features (i.e., rumble strips, etc.) into the scope of general construction projects to conserve scarce safety funds.
- Provide technical assistance and traffic engineering expertise to locals.
